

# United States Senate

WASHINGTON, DC 20510

March 18, 2016

The Honorable Richard Shelby  
Chairman  
Senate Appropriations Committee  
Commerce, Justice & Science Subcommittee  
Washington, D.C. 20510

The Honorable Barbara Mikulski  
Vice Chairwoman  
Senate Appropriations Committee  
Commerce, Justice & Science Subcommittee  
Washington, D.C. 20510

Dear Senator Shelby and Senator Mikulski:

As you consider funding levels for this fiscal year, we write to request that you fund the Community Oriented Policing Services (COPS) Hiring Program at a minimum of \$229 million, the amount requested in the President's FY 2017 budget, in the fiscal year 2017 Commerce, Justice and Science Appropriations bill.

In recent years, budgetary constraints have forced many municipalities to make tough choices on public safety; either reducing hiring or laying off public safety officers. While fiscal responsibility requires careful budget decisions at every level of government, public safety must not be compromised in the process. The COPS Hiring program represents a fiscally responsible solution to ensure that our communities remain safe; the Brookings Institution found it to be "one of the most cost-effective options available for fighting crime." When officers establish a presence on their patrols using community policing principles, they can develop positive relationships with the communities they serve. These relationships in turn increase law enforcement's ability to solve local crimes and resolve public safety problems. This proactive approach to policing prevents crime from occurring, saving taxpayers the high societal costs associated with crime, incarceration, and services for victims.

Since its creation, the COPS Office has assisted over 13,000 of the nation's 16,000 jurisdictions with over \$14 billion in funding to hire approximately 127,000 additional officers. In FY 2015, COPS Hiring granted \$113 million to 209 communities to hire, preserve, or rehire 915 law enforcement officers. In FY 2015, there were heightened restrictions for funding requests leading many communities to forego applications, but without the restrictions, approximately 6,500 officers would have been requested representing \$1.47 billion in funding. The \$229 million requested is a small fraction of the \$1 billion appropriated by the American Recovery and Reinvestment Act, and less than the \$298 million previously appropriated in FY 2010.

In addition to hiring more officers, the COPS Hiring Program offers innovative programs to enhance the effectiveness of community policing. For instance, the COPS Office provides training and technical assistance to educate law enforcement officers on community policing best practices. COPS

Hiring also provides grants for local agencies to replace obsolete technology, enabling them to efficiently and effectively investigate, respond to, and prevent crime.

We are supported in this request by law enforcement organizations including the Fraternal Order of Police, National Association of Police Organizations, Federal Law Enforcement Officers Association, Major Cities Chiefs Association, Major County Sheriffs' Association, the International Association of Chiefs of Police, and the Sergeants Benevolent Association of the NYPD. We are also supported by the United States Conference of Mayors.

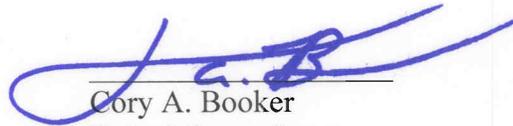

We appreciate the hard work and leadership that you have shown on these issues. Ongoing crime and violence in our cities continue to demonstrate the vital need for increased police protection in our communities. Therefore, as you determine the funding levels for this program, we ask that you support funding for the COPS Hiring Program at the highest possible level.

Thank you for your consideration of this request.

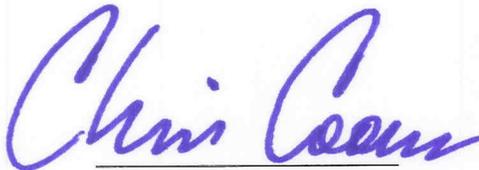

Sincerely,

Robert Menendez  
United States Senator
